Volunteering / Community

Comsats University Islamabad, Hybrid

Google DSC
Volunteering

Nov. 2024 – Jan.2025

Contributed as a volunteer in organizing and managing community tech events, workshops, and developer meetups. Assisted with event logistics, attendee coordination, and technical support to foster learning and collaboration among developers. Gained hands-on exposure to community-building and tech leadership.

What is next??

Actively seeking opportunities to apply and enhance my skills by tackling real-life problems and creating effective solutions
